

NIHR CLAHRC North Thames is now recruiting to its 2019 PhD studentships. [NIHR CLAHRC North Thames](#) is funded to conduct high quality applied health research, focused on the needs of patients and the public to produce a direct impact on health and the way health care and public health is organised and delivered.

Led by Professor Rosalind Raine (UCL), we are a collaboration of 50+ partners, including leading universities, NHS trusts, local authorities, clinical commissioning groups, UCLPartners, industry and organisations representing patients and the public.

We invite applications for these 3-year PhD studentships starting October 2019 (exact date dependent on the individual university). Studentships will be based at one of the following Universities: London School of Hygiene and Tropical Medicine, Queen Mary University of London, University College London. Details of the individual projects and supervisors are given below. The studentships include a stipend and full UK/EU fees.
